REGULATION

8. Signaling

The course will be properly marked out with **signpost indicators and pathway tapes clearly visible.** There will be kilometre references throughout the course.

9. Check points

Throughout the course the Organisation has located **13 checkpoints through** which it is obligatory to pass, and where the regulation checks will be affected.

10. Food and drink

There will be **13** refreshment points available, plus one at the finishing line. At these points, the participants will be offered energy products and refreshments (water, fruit, energy bars and drinks, etc.)

11. Check points times

The maximum time allowed for reaching the finish line will be **8 hours**, those that exceed the established time limit will lose all possibility of a final classification.

In all respects, those responsible for the Organisation will have the authority to retire from the event those runners that do not achieve the expectations of the established times for the time check points. The same applies to all those who have infringed the rules of the event, have not completed the marked course, do not wear the regulation number in a clearly visible way, disregard the instructions of the organisers or maintain an unsporting attitude toward the other runners. To this end, the Organisation has planned for the participation of two runners who will act as the closure of the race. All those participants effected by a disqualification decision should hand in their number at the nearest checkpoint and leave the event following the instructions of the members of the Organisation.

12. Prizes

See prizes section.

13. Clasification

All classifieds will gain points towards the classification of the **Golden Trail World Series.**

14. Briefing

The Organisation will provide topographic information of the places through which the event passes, as well as the most important organisational details. We will announce the briefing format later. It is important that participants attend this information.

REGULATION

15. Number allocation

The method of pick up the bib numbers will be confirmed later.

16. Environment

The majority of the race passes through landscapes of exceptional natural beauty; therefore it will be obligatory for all to preserve the environment by not dropping litter outside the checkpoint areas. To this end, rubbish bins will be located up to a maximum distance of 100 metres from the checkpoint. The non-fulfilment of this elementary rule on the part of runners will because for disqualification.

17. First daid

The Organisation will make available **Help and Rescue Services** in the most strategic points of the course. It will also provide massage services, showers, toilets and first aid medical attention for those sportsmen and women who have a particular need.

18. Safety

The Organisation reserves the right to divert the race over an alternative route and to affect the modifications that it considers necessary in function of changing conditions. This includes the suspension of the event if the meteorological conditions make it necessary or in the case of an act of god, always with the prior agreement of the Race Committee.

19. Accident rescue

The participants are obliged to help those suffering accidents that need help, as well as to inform the checkpoints of any mishap.

20. Responsibility

The Organisation accepts no responsibility in the case of accident or negligence, or for the personal possessions of each participant, although it will provide cloakroom facilities at the start-finish line. T**he participants will be responsible** for all damage or injury that they may cause to themselves or to third parties.

21. Compulsory material

Runners must wear **windproof coat** during the whole race. Sticks are allowed.
