These routes are open to all cyclists over the age of 18 or over the age of 15 with the written and signed authorization of a parent or guardian. Participants under the age of 18, but over the age of 15, must submit the signed and scanned authorization on the day of registration mentioned above to: registrations@milestoneseries.cc within 20 days after the payment and registration has been submitted. After this period, it will be understood that the registered participant waives his/her registration and all the rights conferred by the participant's status, including foregoing the collection of the participant's bag.

Section 2.

The MILESTONES SERIES are cycle-sporting races regulated by Chapter 2 of the Cycling Regulation for everyone at the UCI. This sporting race has a significant degree of difficulty (kilometers and slope) where the participation and effort entail the motivation for self-improvement. Participants are identified with bibs or plates on their bicycles.

A census is made of all participants who finish the race within the time established by the organization and who have passed through the elimination controls and is performed within the established time. Diplomas are handed out with a kilometer certificate and approximate time of the race, all within a framework of the cycling specialty that is considered physical exercise, leisure and a tourism sport.

Section 3.

Prior registration with the organization is mandatory. The organizer assigns each participant a numbered plate to affix onto the handlebars of each bicycle. Registration fees are as follows:

First period 90€

Of the total registration fee, 40€ corresponds to the purchase of the official jersey. The remaining amount from the tariff price is designated for the registration.

- In addition to the above price, non-federated participants by Bund Deutscher Radfaher e.V. (BDR) must pay 12€ for insurance for each participant.
- Registered cyclists who are federated by BDR must present a valid license when they pick up their bib number. Failure to do so will imply paying a 12€ fee as mandatory insurance for that day.
- The insurance fee of 12€ will not be returned under any circumstances.

Section 4.

It is mandatory to be federated by the Bund Deutscher Radfaher e.V. (BDR), or each participant must pay 12€ for mandatory insurance.

Those participants who belong to a federation other than BDR, or belong to a different sports discipline are not exempt from the mandatory insurance payment of 12€ needed to compete in the race.

Participants are responsible for competing in the race and are also responsible for the risk involved.

At the time of registration, participants agree that they are physically fit to compete in the race. Each cyclist states that he/she is in perfect health and can undertake the physical effort required for the race.

Section 5.

Only paid registrations will be accepted, and pre-registration and payment will NOT BE POSSIBLE when picking up the bib. Payment can only be made online with a credit card through the secure gateway offered by the organization.

Section 6.

Registration is strictly personal, non-transferable and may not be used by anyone other than the registered participant. Substituting a participant for another is not allowed. Participants must appear personally to pick up his/her bib with a valid ID (ID card or passport). Bicycle plates cannot be picked up by anyone other than the registered participant.

Participants have the right to withdraw his/her registration according to the Royal Legislative Decree 1/2007, dated November 16, which approves the consolidated text of the General Law for the Defense of Consumers and Users, within 14 working days (not counting holidays in Mallorca, Saturdays and Sundays). To exercise such right, participants must send an email to registrations@milestoneseries.cc, indicating their express willingness to withdraw their registration. Said e-mail must be sent from the same email address used when registering. In another case, and unless the withdrawal is communicated by letter sent through a notary channel, the withdrawal will not be taken into consideration. In the case of exercising the right of withdrawal within the established terms, all paid registration fees will be returned in the same payment method used when registering. Cancelations after the deadline will not be accepted.

The organisers make it possible for participants to contract a cancellation insurance, offered by COOPER & IDEM SPORT S.L.U. This can be done during the registration process. You can check the general conditions at https://blog.rockthesport.com/seguro-de-cancelacion-eng/

Section 7.

Time control is performed electronically by the use of a chip located on the numbered plate of the bicycle. The plate must be attached to the front of the handlebars. The chip will not work if it is in direct contact with the bike or if it's placed elsewhere. Participants who do not have the plates cannot receive a diploma.

The time control system has demonstrated to be reliable and participants who do not pass all the control points will be automatically disqualified: scheduled time of departure, arrival and other control points located along the race.

Section 8.

Elimination system for intermediate control points:

To comply with the provisions of the local Traffic Control, the organization establishes a series of elimination control points with a specific time to pass through, in other words, at the time they cross the starting arch.

Participants who do not arrive at such checkpoints on time must leave the race on a mandatory basis, by using the assistance bus, or, if he/she is excluded from the race, and becomes a regular user of the public road system under his/her responsibility. Excluded participants will not receive any type of assistance from the organization if he/she decides to continue on their bike. For this reason, excluded participants must hand in their bicycle bib to a member or the organization. If participants keep their plate on the bike, they must abandon the race, or if they cannot continue, they may take the short available route.

Said elimination control points are indicated on the event's website.

All participants are eliminated if the "End of Race" vehicle passes them, and must hand in their bicycle plate.

The organization reserves the right to change the start and finish times and the elimination control points at any time.

A refund for any of the registration fees or any other concept will not be returned for any reason if participants do not reach the intermediate points or if they are passed by the "End of the Race" vehicle.

Section 9.

The collection of the bib and the participant's bag is personal and non-transferable and must be carried out only during the days and times specified by the organization, which will be communicated well in advance. Participant's bags or any other extra materials will not be sent previously or may not be picked up after the registration process.

In the event that participants decide not to compete, they may delegate the collection of the participant's bag (in no case the bib number), implying failure to participate in the event, without the right to a refund of the paid amounts to 312 Bikes & Tours, S.L., the rights to a registration fee refund or any other reason.

Said delegation for the collection of the participant's bag without a bib must be made by showing the document and procedure available on the website.

All participants during the race must display the bicycle plate and the bib in a mandatory and visible manner. Any participants who do not place their plates or bibs in a visible manner will be eliminated from the race by the members of the organization or by law enforcements. The bike plate with the chip is personal and non-transferable. Registered participants can only compete with the number they are assigned, and this cannot be used by other participants.
