VIRTUAL CHARITY RACE RULES AND REGULATIONS

What is a VIRTUAL race?

This virtual race is an individual experience, which is to be shared in a collective and synchronized manner. This is thanks to the geolocation and synchronization technology of the app for all participants. The mobile devices will serve as **individual trackers**. The initial procedure is the same as in a conventional race, but with the bib sent to the user via email instead. The race takes place during a period of time, in which the user must complete the distance initially chosen through the **downloaded app** on their mobile device, which will upload the result of the distance and time.

DATES

From May 1 to May 9, 2021.

DISTANCES

The distances are **2 km, 5 km, and 10 km.**
Each participant will be able to choose their own route to race depending on their physical location.
The route and distance selected should be within the limits established by the relevant government in respect to their Covid-19 prevention measures. Participants must also respect the safety distance recommended by local health restrictions.

REGISTRATION

Registration takes place from April 3rd until May 9th at 11 pm.
The registration fee is 5,36€, for all race forms and can be formalized through the website: https://www.rockthesport.com/en/event/international-womens-virtual-race
The money raised from the registration fees will be allocated equally between the **Spanish Association Against Cancer (AECC)** and the **AWASUKA Program.**

BIB ZERO:

The option 'Bib Zero' is enabled for all those who wish to contribute to the AECC and the AWSUKA program, without performing the race. The 'bib zero' fee can be decided by the participant. In other words, the user can donate any amount desired.

DOWNLOADING THE APP

The registered participants must download the **virtual rockthesport app**, available for iPhone and Android, for free on their mobile devices.
With the registration locator number received by email, the participant will be able to use the app in training mode. Only the time taken between May 1 and May 9, 2021 will be counted for the race, with only one opportunity validated in that period.

RANKINGS AND DIPLOMAS

There will be a general ranking by distance and distinguished by male and female. The results will be published on the website below. There, participants will be able to download their personalized diploma of participation located next to their name.
